Sir,

Sub: Motor Vehicles Department – Special move for Revenue Collection and Road Safety work – steps sparing of Wednesdays – orders retrieved – reg.

Ref: This office letter of even No. dated 25.10.2003.

As per the letter dated 25.10.2003 it was directed to set apart all Wednesdays in a month with effect from 25.11.2003 exclusively for taxation work by office staff and for service verification and Road Safety work by field staff. From experiences it is found that taxation works are not being attended to as expected. At the same time improved services to the public are also not being rendered as desired. Therefore, it is decided that the present procedure of sparing Wednesdays for the above items of work may be **dispensed with** and the offices functioned as normal day with effect from 01.01.2007. The work on taxation matters has to be personally supervised by the TAXATION OFFICERS, and see that the revenue collection is augmented.

The Regional Transport Officers are directed to periodically assess the progress of revenue collection and report to this office.

Yours faithfully,
